

LOW PRESSURE MIST KIT WITH SHUTOFF FOR 42" FANS

MKLP42SO-7B

Product Description

Instantly convert your circulation fan into a misting fan with Schaefer low pressure misting kits. The misting kits can reduce air temperature up to 30°F with wind from a fan and standard water pressure from an ordinary garden hose. The kits are easy to use with push releasable connections and optional ball valve water shut offs. Available for fans of all sizes, Schaefer mist kits provide an easy economical solution for your evaporative cooling needs.

Features

1/4" black polyethylene tubing for durability and resistance to cracking

Brass and stainless steel nozzles to atomize the water

Push releasable nozzles and fittings for easy cleaning

Optional ball valve for quick and easy shutoff of water supply

Standard garden hose connection for water pressure, no additional power required

Minimal water consumption, as low as 1.7 gallons per hour, for energy efficiency and low environmental impact.

8 foot water supply line connection from ring to base

Two year warranty

Made in the USA

Specifications

Brand	Schaefer
Cooling Capacity (1000 Btu)	31.4
Number Of Nozzles	7
Diameter (inches)	42
Product Dimensions (L X W X H Inches)	TBD

Product Net Weight (lbs)	TBD
Material	TBD
Product Color	TBD
Distinguishing Feature	Cools Air via Evaporative Cooling
Maximum Water Pressure (psi)	TBD

Nozzle Orifice Diameter (inches)	0.012
Water Usage At Standard Pressure	TBD
Country Of Origin	US
