One Adirondack=500 Milk Jugs **20-YEAR WARRANTY**  
**Made in the USA** *Eco-Friendly Production*  
COMMERCIAL-GRADE STAINLESS STEEL HARDWARE

Materials

**POLYWOOD**<sup>®</sup>  
**Lumber**

- Made from high-density polyethylene (HDPE)
- HDPE material is mostly derived from post-consumer bottle waste or other HDPE post-industrial material
- HDPE has exceptional resistance to corrosive substances, such as oil, chemicals, salt spray and other environmental stresses
- Won't splinter, crack, chip, peel or rot
- Easy to clean with soap and water
- Made available in 7 traditional and 6 vibrant colors using UV-inhibited pigment systems

**SOLID**<sup>™</sup>

- Marine grade polymer (MGP) material that provides a smooth, uniform surface
- Requires no painting, staining, waterproofing, or similar maintenance
- Eco-friendly product made from recycled materials
- Won't splinter, crack, chip, peel or rot
- Resistant to corrosive substances, insects, fungi, salt spray and other environmental stresses
- Tabletops are fade-resistant

**Plastique**<sup>™</sup>

- Made from a blend of thermoplastics with a natural wood grain finish that resembles the look and feel of natural teak without the maintenance real wood requires
- Won't splinter, crack, chip, peel or rot
- Resistant to stains associated with wine and condiments, corrosive substances, insects, fungi, salt spray and other environmental stresses
- Eco-friendly product made from recycled materials
- Cleans easily with soap and water

**Aluminum  
Frames**

- Durable
- Aluminum frames available in a variety of attractive powder-coated finishes

**Fabric Sling**

- Fast-drying
- Available in a variety of attractive colors
- Resistant to weather, mildew, fading and tearing

**Cushions  
& Pillows**

- Marine grade
- Resistant to weather, salt, sun, mildew, mold and fading
- Cushions have built-in drain for rapid drying
- Cushions and pillows are available in a variety of stock Sunbrella<sup>®</sup> fabrics
