Performance Coatings Inc.  
Ukiah, California

*Penofin The World's Finest Wood Finish* ®

Product Data Sheet

### **PENOFIN PRO-TECH STRIPPER:**

Specially developed to effectively remove oil and latex finishes on all exterior wood, composite or concrete surfaces using New Clean Strip Technology. Pro-Tech Stripper leaves little or no residue and provides double the coverage of average strippers. This product is ready to use, 100% Biodegradable, nonflammable and certified zero VOC. Pro-Tech Stripper is the first step to preparing your wood for a beautiful Penofin application.

### **PRO-TECH STRIPPER APPLICATIONS:**

**Removes paint, stain, sealers and loose wood fibers**

**Removes oil finishes from wood, composite and concrete surfaces.**

### **TECHNICAL DATA:**

**VOC:** 0

**Installation Temperature:** No minimum or maximum

**Dry to Touch:** 24 hours

**Coverage:** One container covers approximately 200-400 sq ft

### **SURFACE PREPARATION:**

Use **Penofin Pro-Tech Stripper** at temperatures when wood is not hot to the touch. To remove any debris, sweep or use a power blower. Protect bordering metal and glass surfaces and tape off any areas not being stripped. Dampen surrounding vegetation with water.

### **APPLICATION:**

Shake product well before using. Do not thin or blend with other products. Wet the surface to be stripped. Apply a generous coat with a brush, roller or garden sprayer. **Penofin Pro-Tech Stripper** will soften and or dissolve most coatings in 15-30 minutes. Keep the wood surface wet by occasional misting. Scrub the surface with a nonmetallinc bristle brush or long handle push broom. Rinse thoroughly with water using a garden hose with a spray attachment (pressure washing is not recommended). To achieve best results for perfect preparation for Penofin wood finish, follow-up with **Penofin Pro-Tech Cleaner (Step #2)** and **Penofin Pro-Tech Brightener (Step #3)**.

**ALWAYS WEAR RUBBER GLOVES, EYE PROTECTION AND SOLID SHOES WHEN APPLYING. TEST ON A SMALL AREA TO ENSURE THE DESIRED RESULTS. CAUTION: SURFACE WILL BE SLIPPERY. DO NOT ALLOW PRODUCT TO DRY ON THE SURFACE.**

### **CLEAN-UP:**

- Thoroughly rinse all equipment with water.
- Store any unused **Penofin Pro-Tech Stripper** in its original container.
- Do not transfer to a metal container as it will cause a chemical reaction.
- Protect from freezing.
- For disposal of unused product and empty containers, contact your local household refuse collection service.
