

## LOW PRESSURE MIST KIT WITH SHUTOFF FOR 24" FANS

MKLP24SO-4B

### Product Description

Instantly convert your circulation fan into a misting fan with Schaefer low pressure misting kits. The misting kits can reduce air temperature up to 30°F with wind from a fan and standard water pressure from an ordinary garden hose. The kits are easy to use with push releasable connections and optional ball valve water shut offs. Available for fans of all sizes, Schaefer mist kits provide an easy economical solution for your evaporative cooling needs.

### Features

1/4" black polyethylene tubing for durability and resistance to cracking

Brass and stainless steel nozzles to atomize the water

Push releasable nozzles and fittings for easy cleaning

Optional ball valve for quick and easy shutoff of water supply

Standard garden hose connection for water pressure, no additional power required

Minimal water consumption, as low as 1.7 gallons per hour, for energy efficiency and low environmental impact.

8 foot water supply line connection from ring to base

Two year warranty

Made in the USA

### Specifications

<b>Brand</b>	Schaefer
<b>Cooling Capacity (1000 Btu)</b>	17.9
<b>Number Of Nozzles</b>	4
<b>Diameter (inches)</b>	24
<b>Product Dimensions (L X W X H Inches)</b>	TBD

<b>Product Net Weight (lbs)</b>	TBD
<b>Material</b>	TBD
<b>Product Color</b>	TBD
<b>Distinguishing Feature</b>	Cools Air via Evaporative Cooling
<b>Maximum Water Pressure (psi)</b>	TBD

<b>Nozzle Orifice Diameter (inches)</b>	0.012
<b>Water Usage At Standard Pressure</b>	TBD
<b>Country Of Origin</b>	US
