**Absolutely the easiest system
I've ever used**

*"A fantastic, well developed product.
I would definitely recommend this product to
anyone building or remodeling a deck."*

Jeffrey Williams - Birmingham, AL

WHY OUR CUSTOMERS CHOOSE TITAN

Just What We Needed

"This is just what we needed to complete our porch railing. We wanted to have the ability to offload large items right onto the porch. We can take this section of railing out, back up to the porch, and unload the truck. These connectors did the trick. Easy to install and not very obvious."

Monica Tarantino - Walton, NY

Best Surface Mount Period!

*"Installing them was quick and easy.
It is the best method to mount posts to your
deck. You won't be disappointed."*

Jeremy Begik - Bay City, MI
