TYPAR® BUTYL FLASHING

WORKS WELL WITH CAULKS, SEALANTS, AND YOU.

TYPAR Butyl Flashing definitely delivers on the basics. It's designed to peel quickly, stick fast, and keep projects on budget. But going beyond the fundamentals, it's formulated without VOCs, and it's compatible with most caulks and sealants used for window installation. Compared to rubberized asphalt-based flashings, TYPAR Butyl Flashing simply brings more to the job. It's pliable in cold weather. It's stable at high temperatures. Plus it maintains a flexible, but tight seal for far greater durability and long-lasting performance.

LEADING FEATURES AND BENEFITS:

- Contains no VOCs and won't off-gas
- Won't interact with most caulks and sealants
- Split poly backing for easy installation
- Suitable for installation down to 30° F (-1° C)
- Thermally stable up to 180° F (82° C)
- Remains pliable for a more durable seal
- Lifetime limited warranty*

INSTALL THE SYSTEM. GET A LIFETIME LIMITED WARRANTY.*

TYPAR Butyl Flashing, Building Wraps and Construction Tape make up the complete TYPAR® Weather Protection System. It's the only lineup with superior air and water holdout, exceptional tear strength, optimal breathability, and this: lifetime limited warranty coverage.*
